MOSTAFA MAHMOUD

Front-End Developer (React JS)

Abu Dhabi, UAE (Available to Relocate) | 00971566257513 | mostafamahmoudd04@gmail.com

GitHub: https://github.com/mostafamahmoud11911

LinkedIn: https://rb.gy/p9qwzr

Front-End developer Seeking to take a further step in my career by building a stable, testable, and highly scalable system and different creative projects that cooperate with what the users need, also have a passion for working hard and gaining more experience with good self-study knowledge and searching ability.

EXPERIENCE

Upskilling JSB   Apr 2024 – Jul 2024

- Actively participating in the Upskilling program, I simulate a real-world work environment, engaging in hands-on projects that mirror industry challenges. This experience provides with invaluable insights into the practical aspects of web development and equips me with the skills required to excel in real-world projects.

Make Your Miracle - MYM Egypt   Mar 2023 – Mar 2024

- Write clean, high-quality, high performance, and maintainable codes with React.js.
- working closely with software developers on creating new codes.

- Implement user interfaces based on design specifications, ensuring a seamless and visually appealing user experience.

EDUCATION

Cairo University   2018 – 2022

Bachelor's degree in commerce

CERTIFICATIONS

Full-Stack Developer Diploma – Route Academy

Jun 2021 – Mar 2022

Received intensive training in ReactJS for Front-End development, NodeJS for Back-End acquiring advanced skills to design dynamic user interfaces and develop modern web applications effectively.
